

**SECTION:**  
EDUCATION / INFORMATION PROJECTS

**SEMINARS**

Fondazione Cantonuovo wants to share the spiritual experience and the activities of its founders through seminars of the duration of one or two days that are currently taking place in Italy, Slovakia and Poland. The themes of the seminars are: 'The Truth about Love', 'Management of Resources', 'Relations', 'Marriage', 'How to Overcome Fear', 'The Purpose of Man and Woman', 'How to Overcome Crises'. In addition, there are other seminars directly related to spiritual issues that aim at bringing deliverance and healing to those who attend them and are: 'The Healing of the Family Tree', 'Deliverance' and 'Spiritual Healing'. The teachings are harmonically intertwined with

music, songs and prayers, while at break time the founders are available to offer the participants spiritual advice.

**SCHOOLS**

A course on 'How to live in the Kingdom of Heaven' is currently underway in Siena as well as in Žilina, Slovakia. The course kicked off in 2009 and was divided in three main parts: 1. The Kingdom of Heaven; 2. Deliverance; 3. The Spiritual Man. The course has a three-year duration, from Friday to Sunday for a total of 200-250 hours per year, followed by a six-day retreat in Slovakia, also attended by some of our Italian students. Maurizio Tiezzi is in charge of the Bible study while his brother and co-founder Fabrizio Tiezzi takes care of the songs and the music that he composes and that are connected to the teachings. A good amount of time is dedicated to prayers. In addition, slides are available to the students to facilitate their learning.

2) Seminar in Bratislava, Slovakia

3) Seminar in Wrocław, Poland

## THE FOUNDERS TRAINING

The encounter with the Lord has changed so deeply the life of the Cantonuovo's founders that they wanted to share their experience of the divine healing through Bible studies, prayers, music and songs. Their activities aim also at training individuals, taking care of the sick and the destitute and at promoting cultural integration among people of different cultural background. In order to achieve concrete results, Fondazione Cantonuovo's founders are making constant efforts to keep professionally and technically updated. In 2006 Maurizio Tiezzi attended a Bible school in Nassau, Bahamas, where he received a training to teach the message of Jesus about 'The Kingdom of Heaven'. The school, organized by the 'Myles Munroe International' and the 'Bahamas Faith Ministry', numbers among its preachers also the widely renowned 'motivation speaker' and author of many best sellers, Dr Myles Munroe, founder and consultant of the 'Bahamas Faith Ministry International'. At present Maurizio Tiezzi is attending a three-year master course at the Superior School of Transational Analysis in Rome to become a professional counsellor in the social and educational field. The school is recognized by MUIR (Italian Ministry of Education of University and Research).

Fabrizio Tiezzi and Angela Tancredi are studying singing and composition. Fabrizio Tiezzi has completed courses of composition and artistic production of contemporary music and is attending a four-year course of music therapy

(Centro di Educazione Permanente di Assisi, Pro Civitate Cristiana) while training as music therapist at socio-educational Italian institutes.

## TRAINING FOR OUTSIDE VOLUNTEERS

Fondazione Cantonuovo is developing new projects to train its outside volunteers in the spiritual, Biblical, and educational field. For this purpose it organizes courses and seminars that include prayers, Bible study, music therapy and counselling based on Transational Analysis.
